

## ACCREDITATIONS & MEMBERSHIPS

### **ONLY UTILIZE A PCAB ACCREDITED PHARMACY**

PCAB accreditation means that EPC has independent, outside validation that meets nationally accepted quality assurance, quality control, and quality improvement standards.

### **ONLY UTILIZE A PROVEN SAFE PHARMACY THAT CAN SERVE ALL YOUR PATIENTS IN ALL 50 STATES**

EPC was one of the first to utilize and participate in the NABP Verified Pharmacy Program inspection service. NABP provides the strong foundation to aid EPC to monitor and comply with regulatory changes, policies, and license renewals in each state to protect public health.

### **ONLY UTILIZE A PHARMACY THAT UTILIZES PROVEN THIRD PARTY TESTING FOR DETERMINING EXTENDED BEYOND-USE-DATES**

Eagle Analytical is utilized to test preparations to determine the Beyond-Use Date (BUD) applicable to specific extended dating formulations. EPC utilizes Eagle Analytical Services as one of our primary third party testing laboratories.

### **TRUST IS GOOD, PROOF IS BETTER. EPC IS A NATIONALLY RECOGNIZED CENTER OF EXCELLENCE**

EPC is Quality Assured through DynaLab's Continuous Quality Improvement Partner program. As a CQI partner, EPC has demonstrated that the quality systems in the pharmacy produce quality formulations. To receive the cognition as a Center of Excellence, EPC has proven highly accurate and precise when compounding medications. The result is higher standards for patient safety.

### **ONLY UTILIZE AN IACP MEMBER**

EPC supports the mission of the International Academy of Compounding Pharmacists to protect, promote and advance the art and science of pharmacy compounding. EPC views the IACP as the recognized authority for information, expertise, and practice standards with regard to pharmacy compounding.

### **PRESCRIBE WITH CONFIDENCE, EPC EMPLOYS PCCA**

EPC utilizes PCCA because they believe "Lives depend on a job well done." For PCCA, it's not just a saying, but the way they approach Quality. PCCA membership helps EPC to participate in the industry's most comprehensive quality control and assurance program every day.

### **PRESCRIBE WITH ASSURANCE, EPC RECOGNIZES & ABIDES BY THE AMERICAN ASSOCIATION OF EQUINE PRACTITIONERS COMPOUNDING GUIDELINES**

Dr. Drew Olson, EPC's Veterinary Compounding Director, is a member of the American Association of Equine Practitioners. The AAEP supports the legal and safe use of compounded medications. EPC's policies and formulations abide by AAEP's recommendations.

### **PRESCRIBE WITH CONFIDENCE, KNOW THAT EPC IS IN COMPLIANCE WITH THE AMERICAN VETERINARY MEDICAL ASSOCIATION COMPOUNDING POLICIES**

Dr. Drew Olson, EPC's Veterinary Compounding Director, is a member of the American Veterinary Medical Association. The AVMA recognizes the need for compounding in veterinary medicine. EPC's policies and formulations abide by AVMA's guidelines.

### **THE AMERICAN ANIMAL HOSPITAL ASSOCIATION (AAHA) ENDORSES THE PHARMACY COMPOUNDING ACCREDITATION BOARD (PCAB)**

EPC recognizes the AAHA endorsement of PCAB. AAHA recommends that veterinarians acquire compounded medications from PCAB accredited pharmacies whenever feasible. EPC, one of the first nationally accredited PCAB pharmacies, allows veterinarians in all 50 states to prescribe in compliance with AAHA recommendation.
